**IT'S NOT ABOUT IDEAS
IT'S ABOUT MAKING
IDEAS HAPPEN.**

TRADE LEADS FROM U.S COMPANIES

www.uwkinetics.com

Underwater Kinetics (www.uwkinetics.com), is a San Diego based manufacturer of safety certified lights, waterproof and rugged cases, and other accessories for the industrial, utility, mining, fire, and government sectors. (UK also produces dive and outdoor/underwater camera accessories but uses different distribution channels.) They are currently looking for representation in India for the industrial lines and all the products are 100% US made and UL registered. These safety products are typically distributed through equipment networks to key sectors which engage in institutional purchasing. The company also sells directly to OEMs. Established in 1971, with close to 100 employees, the company currently exports to approximately 50 countries, with international revenues accounting for over 50% of total sales.

For more information and to connect with Underwater Kinetics, contact: Saravanakumar, U.S Commercial Service. Email: Saravanakumar.alaga@trade.gov

www.realityworks.com

Wisconsin based Realityworks (www.realityworks.com) manufactures welding simulators and is looking for distributors for their product in India. Realityworks manufactures the guideWELDVR (Virtual Reality) welding simulator and the guideWELD LIVE guidance system, used with actual welding. This product is targeted to end-users such as welding institutes and vocational technical schools that teach welding.
