

Global Risk Management for Indo American Companies

Wednesday, January, 30, 2018; Ball Room, Taj Mahal Palace, Mumbai

Partnership Proposal

Today, in this rapidly evolving, highly integrated global business environment, corporations operating across multiple geographies are witnessing an overwhelmingly fast pace at which risk is changing its face and impacting the businesses. The changing risk landscape in India and world over, is posing significant challenge to US based companies operating in India, in equal measures. The consistent changes in taxation, regulations, compliance and legislation demands an extremely diligent approach towards some of the following areas that directly/ indirectly impacts the ability to operate and profitability of US based companies in India. It is extremely important for global companies to assess and evaluate the risk management approach and its underlying effect on the success or failure of the business.

Against this backdrop, the Indo American Chamber of Commerce (IACC) with Global Insurance Brokers Private Limited, Mumbai as the Knowledge Partner is organizing a one-day conclave on **Emerging Risks and Global Risk Management for Indo American Corporation**. The Conclave will focus on enlightening the participants on the changing risk landscape, recent developments and the underlying solutions to mitigate the risks, to extent possible. The full day conclave will comprise of two key note speakers and three panel discussions. The panel discussions will be on the following topics:

- **Changing Regulations (GDPR, Companies Act) and its impact on global businesses**
- **Terrorism Risk – Threat and possible solutions**
- **Global Insurance Program – Cracking the code**
- **Emerging Human Capital Risk & Solutions – Impact of Sexual Harassment/ MeToo events on businesses**
- **Mergers & Acquisitions – Managing risk and getting it right, Every time!**
- **New age challenges – Cyber Risk – Complete understanding of this new age phenomenon**

By hosting this conclave, IACC will bring several stake holders and corporate leaders to have an open discussion and help the audience demystify. The conclave will include keynote speeches and viewpoints of Senior US / Indian government speakers, industry captains, business stake holders, and qualified Risk Management professionals. Participants attending the conclave will primarily include business heads in charge of the US based companies operating in India, heads of Indian MNC's with operations in the US, and insurers, reinsurers and partners who wish to know more about emerging risk trends and mitigation solutions.
