# US Capital, Tech Can Help India Achieve 2047 Goals: Rajnath

**'Indo-US coop a force multiplier for world order based on rules'**

**Our Political Bureau**

**New Delhi:** Infusion of capital and sharing of technology from the US can help India achieve its goal of becoming a developed country by 2047, Defence Minister Rajnath Singh has said, adding that Indo-US cooperation is a force multiplier for the rules-based world order.

Speaking at a conference organised by the Indo-American Chamber of Commerce (IACC), he said

that the 'Aatmanirbhar Bharat' policy does not seek to isolate India from the global system but is a call for collaborative work with friendly nations.

Calling on American companies to invest not only for high returns but also as a de-risking measure, the minister said India's fast-growing

economy, demographic dividend, skilled workforce and domestic market guarantee high returns and current challenges faced by the international order call for de-risking business.

"Our economic relationship is a win-win proposition for both the countries. The current relationship is driven by the twin congruence of shared values and aligned interests, which is a guarantee for long sustainability and robustness of ties," he said.

The minister mentioned current partnerships and programmes to share technology and co produce weapons systems, saying that the Make in India policy should be seen as a commitment to collaborate with friendly nations.

# ‘Aatmanirbhar Bharat’ does not promote isolation: Singh

## Our Bureau

New Delhi

Defence Minister Rajnath Singh said Aatmanirbharta, which the government is pursuing for self-reliance in the defence sector, doesn't imply a disconnect from the global economy but it's based on collaboration with friendly countries for shared security and prosperity.

Addressing a special session of Indo-American Chamber of Commerce, the union minister stated that US capital and technological know-how can help India become a developed nation by 2047. The Defence Minister described India and the US as natural partners who must move forward together in both business and strategic sectors amidst the current global geopolitical scenario.

“Our ambition is not to get disconnected from the global economy. We are fully committed to collaboration and cooperation with our friendly

countries. This is also evident in our efforts and our friendly countries are aware of it. Our ‘Aatmanirbhar Bharat’ does not promote isolation, rather it envisions companionship,” Singh said. The session on ‘Strengthening Indo-US Relationship in Amritkal-Aatmanirbhar Bharat’ was organised by the Indo-American Chamber of Commerce.

Inviting American businesses to invest in India, he emphasised India's strong economic growth would ensure that American investors get healthy returns.

He cited relaxations in foreign direct investment (FDI) norms, labour laws and growth in infrastructure projects including ‘next generation’ infrastructure. “The current Indo-US relationship is driven by twin congruence of our shared values and aligned interests. Such twin congruence is a guarantee for sustainability and robustness of our relationship, or rather our friendship,” he said.

# INDIA, U.S. MUST MOVE FORWARD IN STRATEGIC AND BUSINESS SECTORS: DEFENCE MINISTER

**HT Correspondent**

**NEW DELHI:** Defence minister Rajnath Singh on Tuesday said India and the US are natural partners who must move forward in the strategic and business sectors amid the current turmoil in the global geopolitics, while stressing that capital and technological know-how from the US can help India become a developed country by 2047 and in-bound investments can provide American companies high returns.

“India and the US support a free, open and rules-based international order. Due to this, there is a lot of alignment in our strategic interests. The current relationship is driven by the twin congruence of shared values and aligned interests, which is a guarantee for long sustainability and robustness of ties,” Singh said.

He was addressing a conference on Strengthening Indo-US Relationship in Amrit Kaal - Aatmanirbhar Bharat organised by Indo-American Chamber of Commerce (IACC).

“India is the largest democracy in the world, and the US is another big democracy. When two big democracies cooperate, it will only benefit the democratic world order. This will act as a force multiplier for rules-based order across the globe.”

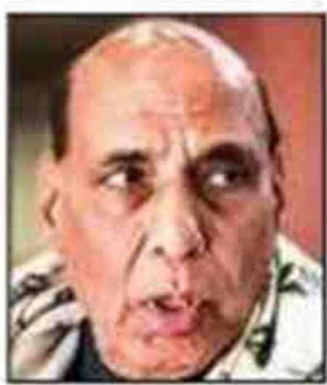

The government has laid the groundwork for a strong and self-reliant “New India”, and the American investments can play a vital role in helping realise the vision of “Viksit Bharat” (developed India). Calling it a win-win situation for both countries, he said India’s fast-growing economy, its demographic dividend, skilled workforce, and huge domestic market guarantee high returns to US companies.

## भारत और अमेरिका के बीच मजबूत साझेदारी : राजनाथ

जनसत्ता ब्यूरो

नई दिल्ली, 30 जनवरी।

रक्षा मंत्री राजनाथ सिंह ने मंगलवार को भारत और अमेरिका को सहज भागीदार बताते हुए कहा कि दोनों देशों के बीच स्थापित सहयोग नियम आधारित दुनिया के लिए बेहद लाभदायक साबित होगा। यह जानकारी रक्षा मंत्री ने राजधानी में आयोजित भारत-अमेरिका उद्योग परिसंघ के एक कार्यक्रम को संबोधित करते हुए दी।

रक्षा मंत्री ने कहा कि अमेरिका की कंपनियों के लिए भारत एक गैर हानिप्रद क्षेत्र है। क्योंकि भारत उन्हें बेहद लाभ के अवसर प्रदान करता है। अमेरिका की कंपनियां और तकनीक दोनों इस तथ्य से वाकिफ हैं कि कैसे 2047 तक भारत को विकसित देश बनाया जा सकता है। रूस-यूक्रेन, इजराइल-हमास संघर्ष का भारत के रक्षा क्षेत्र पर बहुत अधिक प्रभाव नहीं पड़ा।

# सब कुछ भारत में बनाने के इरादे से सुस्त पड़ेगी वृद्धि की रफ्तार : एरिक

नई दिल्ली (भाषा)। भारत में अमेरिका के राजदूत एरिक गार्सेटी ने मंगलवार को द्विपक्षीय आर्थिक संबंधों के विस्तार के लिए भारत में बेहतर कराधान एवं नियामकीय ढांचे की वकालत करते हुए कहा कि सब कुछ भारत में ही बनाए जाने से जुड़ा आख्यान देश की वृद्धि की रफ्तार धीमी कर सकता है।

गार्सेटी ने इंडो-अमेरिकन चैंबर ऑफ कॉमर्स (आईएसीसी) के एक कार्यक्रम में कहा कि कॉरपोरेट कर की 'अस्पष्ट' प्रथाएं भारत में काम करने की इच्छुक कई अमेरिकी कंपनियों के लिए अब भी बाधा हैं। उन्होंने कहा कि अगर भारत को अपने लक्ष्य हासिल करने हैं तो उसे निर्यात नीतियों को बदलना होगा। अमेरिकी राजदूत ने कहा कि अमेरिका एक ऐसे भारत को देखना चाहता है जो आत्मनिर्भरता को 'गढ़' के रूप में नहीं बल्कि दुनिया में किसी से भी प्रतिस्पर्धा करने के लिए भारतीय कंपनियों की ताकत के रूप में देखे।

उन्होंने भारत और अमेरिका के तेजी से बढ़ते संबंधों के विभिन्न पहलुओं का जिक्र करते हुए कहा कि अब सहयोग का कोई भी क्षेत्र 'सीमा से बाहर' नहीं है। उन्होंने कहा, 'हम अंतरिक्ष में भी साथ काम कर रहे हैं, हम समुद्र की गहराई भी में एक साथ हैं। हमारे इस रिश्ते की वस्तुतः कोई सीमा नहीं है।' इसी के साथ अमेरिकी राजदूत ने घरेलू विनिर्माण पर जोर को लेकर आगाह भी किया। उन्होंने कहा, 'सब कुछ यहीं भारत में बनाए जाने का आख्यान भारत की वृद्धि दर को धीमा कर देगा।'

नई दिल्ली। हिंद-प्रशांत क्षेत्र में चीन की सेना के दबदबा बढ़ाने के प्रयासों पर वैश्विक चिंताओं के बीच रक्षा मंत्री राजनाथ सिंह ने मंगलवार को कहा कि भारत और अमेरिका स्वाभाविक साझेदार हैं और दोनों देशों के बीच सहयोग से नियम आधारित वैश्विक व्यवस्था को मजबूती मिलेगी।

सिंह ने कहा कि भारत अमेरिकी कंपनियों के लिए जोखिम कम करने वाली जगह हो सकती है और यह देश निवेश के अच्छे लाभ दिला सकता है। उन्होंने कहा कि अमेरिका की पूंजी और प्रौद्योगिकी संबंधी जानकारी भारत को 2047 तक विकसित देश बनाने में मदद कर सकती है। रक्षा मंत्री इंडो-अमेरिकन चैंबर ऑफ कॉमर्स (आईएसीसी) द्वारा भारत अमेरिका संबंधों को मजबूत करना विषय पर एक सम्मेलन को संबोधित कर रहे थे। सिंह ने कहा कि रूस-यूक्रेन

और इजराइल-हमास संघर्षों ने भारत के रक्षा क्षेत्र पर ज्यादा प्रभाव नहीं डाला है और इस बात पर जोर दिया कि भारत एक मजबूत देश बन गया है, जो राष्ट्रीय हितों की रक्षा करने और उस पर बुरी नजर डालने वाले किसी भी व्यक्ति को करारा जवाब देने में सक्षम है। उन्होंने कहा, भारत और अमेरिका स्वतंत्र, खुली और नियम-आधारित अंतरराष्ट्रीय व्यवस्था का समर्थन करते हैं। इससे हमारे सामरिक हितों में काफी समानता आ रही है। सिंह ने कहा, इसके अलावा आर्थिक संबंध दोनों देशों के लिए लाभकारी स्थिति में हैं। मौजूदा संबंध साझा मूल्यों और समान हितों से संचालित हैं जो संबंधों के टिकाऊ होने और मजबूत होने की गारंटी है। उन्होंने कहा, भारत दुनिया का सबसे बड़ा लोकतंत्र है और अमेरिका भी एक बड़ा लोकतंत्र है। जब दो बड़े लोकतंत्र एक दूसरे को सहयोग

करते हैं तो निश्चित रूप से लोकतांत्रिक वैश्विक व्यवस्था मजबूत होगी। सिंह ने आत्मनिर्भर भारत पहल के पीछे सरकार के दृष्टिकोण को विस्तार से बताते हुए कहा कि देश सही रफ्तार से आगे बढ़ रहा है और आने वाले समय में लड़खड़ाएगा नहीं। उन्होंने आत्मनिर्भरता को बढ़ावा देने के लिए रक्षा मंत्रालय द्वारा लिए गए निर्णयों को गिनाया जिनमें घरेलू उद्योग के लिए रक्षा पूंजी खरीद बजट का 75 प्रतिशत निर्धारित करना शामिल है। सिंह ने कहा, इससे भारत को रक्षा उपकरण निर्यात करने वाले शीर्ष 25 देशों में जगह बनाने में मदद मिली है। उन्होंने कहा, रूस-यूक्रेन और इजराइल-हमास संघर्षों का रक्षा क्षेत्र पर ज्यादा असर नहीं पड़ा है। भारत एक मजबूत देश बन गया है, जो राष्ट्रीय हितों की रक्षा करने और बुरी नजर डालने वाले को मुंहतोड़ जवाब देने में सक्षम है।

Aatmanirbharta does not mean a disconnect from global economy: Rajnath Singh

Defence Minister Rajnath Singh on Tuesday said Aatmanirbharta, which the government is pursuing for self-reliance in defence sector, doesn't imply a disconnect from global economy but it's based on collaboration with friendly countries for shared security and prosperity.

Addressing a special session of Indo-American Chamber of Commerce here, the union minister stated that US capital and technological know-how can help India become a developed nation by 2047. The Defence Minister described India and the US as natural partners who must move forward together in both business and strategic sectors amidst the current global geopolitical scenario.

"Our ambition is not to get disconnected from the global economy. We are fully committed to collaboration and cooperation with our friendly countries. This is also evident in our efforts and our friendly countries are aware of it. Our 'Aatmanirbharta Bharat' does not promote isolation, rather it evinces companionship," Singh told the gathering. The session on 'Strengthening Indo-US Relationship in Amritkal-Aatmanirbharta Bharat' was organized by the Indo-American Chamber of Commerce (IACC).

Inviting American business to invest in India, he emphasised India's strong economic growth would ensure that American investors get healthy returns. "Our high economic growth will ensure that American investments and collaborations in India result in very high returns for our American partners. Demographic dividend, skilled labour force, MMRIs vibrant start-ups, big domestic market, give the guarantee of high returns to American companies and investors," he said.

India-US bilateral trade has the potential to increase to \$500 billion annually, from the current \$200 billion, riding on direct investments, joint ventures, partnerships, educational exchanges and tourism, Eric Garcetti, US Ambassador to India, has said.

The two countries need to give more geographical preference to each other on trade, like India did in the case of iPhones and may do with Tesla, Garcetti said at a seminar organised by the Indo-American Chamber of Commerce on strengthening Indo-US relationship on Tuesday.

Garcetti's reference to US EV manufacturing company Tesla indicates that the company may be close to reaching a deal with the Indian government on its entry into the country.

गार्सेटी ने इंडो-अमेरिकन चैंबर ऑफ कॉमर्स (आईएसीसी) के एक कार्यक्रम में कहा कि कॉरपोरेट कर की 'अस्पष्ट' प्रथाएं भारत में काम करने की इच्छुक कई अमेरिकी कंपनियों के लिए अब भी बाधा हैं। उन्होंने कहा कि अगर भारत को अपने लक्ष्य हासिल करने हैं तो उसे निर्यात नीतियों को बदलना होगा।

अमेरिकी राजदूत ने कहा कि अमेरिका एक ऐसे भारत को देखना चाहता है जो आत्मनिर्भरता को 'गढ़' के रूप में नहीं बल्कि दुनिया में किसी से भी प्रतिस्पर्धा करने के लिए भारतीय कंपनियों की ताकत के रूप में देखे।

उन्होंने भारत और अमेरिका के तेजी से बढ़ते संबंधों के विभिन्न पहलुओं का जिक्र करते हुए कहा कि अब सहयोग का कोई भी क्षेत्र 'सीमा से बाहर' नहीं है।

## Better taxation, regulatory system would further expand India-US economic ties: Ambassador Garcetti

*Garcetti said there are no areas of cooperation that are "off limits" now. "We used to say the sky's the limit; now we are beyond that."*

Garcetti said the export policy is an area where we are "honest with each other" and that the strength of the ties between the two sides facilitated frank discussions on these issues.

US Ambassador Eric Garcetti on Tuesday pitched for better taxation and regulatory framework in India for expansion of bilateral economic ties, and said the rhetoric that everything has to be made in India could "slow down the pace of the country's growth. In an address at the Indo-American Chamber of Commerce (IACC), Garcetti asserted that the US wants to see an India that doesn't look at self-reliance as a "fortress" but instead as the strength of Indian companies to compete with anyone in the world. The envoy said "opaque corporate tax practices" still are a "barrier" to too many American companies that want to be in India and that export policies have to be changed if India is to achieve its goals.

In an address at the Indo-American Chamber of Commerce (IACC), Garcetti asserted that the US wants to see an India that doesn't look at self-reliance as a "fortress" but instead as the strength of Indian companies to compete with anyone in the world.

Delving into various facets of fast-growing India-US engagement, Garcetti said there are no areas of cooperation that are "off limits" now. "We used to say the sky's the limit; now we are beyond that."

## Want More FDI Flowing To India, Says US Ambassador Garcetti

Describing the Indo-US ties as a 'multiplicative relationship', Eric Garcetti, US Ambassador to India on Tuesday has said, that the United States (US) wants more of its investments to flow into India.

Speaking at an event organised by the Indo-American Chamber of Commerce (IACC), the Ambassador pitched for easier corporate tax practices and relaxation of other barriers for companies to invest in India.

"We also have to see that opaque corporate tax practices still are a barrier to too many companies that want to be here. And this is a great moment for all of you to recruit our companies. Every CEO is saying tell me about India. They want to invest," he said.

Noting that he would want foreign direct investments (FDI) to shift from China to India, he, however, added that the flow of FDI into India is not at par with its potential currently and several companies are looking more towards the Southeast Asian countries.

Addressing a conference of the Indo-American Chamber of Commerce, Garcetti said that India-US trade had gone up sharply to \$200 billion a year and he was looking at a target of \$500 billion in the near future. Garcetti said that at a recent meeting of global business leaders in the US, the largest number of participants were from India and this reflected the strengthening ties between the two countries. Citing the large investments being made in India by US companies such as Boeing and Apple, Garcetti said American companies had created more than 3 million jobs in India. He said he was looking at the India-US business ties emerging as a two-way relationship in which Indian companies would also be investing in the US to create jobs.—IANSpannu/uk
